To:
Professor Georges Depeyrot,
Centre de recherches historiques (CNRS/EHESS)

Dear Professor Depeyrot,

I would like to assure you that we, the Numismatic Museum, Ruse (Bulgaria), strongly support the COST application "European monetary unification, from antiquity to the modern times".

The creation of such a network will make possible and facilitate the organization of conferences, workshops, WG meetings and so on in the field of numismatics from antiquity to modern times.

As the exceptional scholarly and community significance of this project is undoubted, we believe that it will be approved.

With best wishes!

Prof. Dr. Dimitar Draganov,
Director
