Support of the COST Application „European Monetary Unification from Antiquity to Modern Times (EMU)“

Dear Mr. Depeyrot,

The National Museum in Belgrade firmly supports the COST application „European Monetary Unification, from Antiquity to Modern Times (EMU)“.

We believe that the COST – EMU project by closely involving many Europe's institutions and researchers with the COST will strenghten the international dimension of the European research area, promote the scientific cooperation and the interchange of ideas as well as represent one step further in the opening of the research space of Serbia to the Europe.
